

**Urgent care, *yes.***

**40-minute car ride, *no.***

There are things you really want in urgent care. And things you really don't.

When you have a minor injury or illness, you really hope to get treated quickly—and close to home. At Eureka Community Hospital, that's exactly what happens.

You'll still receive the excellent care you would expect from a hospital that is part of BroMenn Healthcare.

So will you get the great care you need? Yes. Will you waste hours in the waiting room and hours on the road? No.

**Urgent Care is available M-F 8-9, Sat-Sun 8-8.  
Call (309) 467-2371. No appointment necessary.**
